

Brandon Hawi

brandonhawi@jasonbusiness.com

(818) 855 - 0542

Education

University of California, Irvine (March 2020)

B.S., Computer Science and Engineering

College of the Canyons (June 2016)

A.S., Mathematics

Obtained an Associate of Science Degree in Mathematics with honors while concurrently attending high school.

Professional Experience

Axxiom Data, Inc. (May - September 2017)

Software Intern

Worked directly under the CEO of Axxiom Data to help develop new solutions within Axxiom's content management system, upkeep its current websites, automate spreadsheet work, and prepare the system for future development.

Invisible Touch Events (January - September 2017)

Light/Audio Technician

Worked as a technician for an event planning company based in the Tustin area and helped research new lighting/audio solutions for events, troubleshoot electrical issues on the fly, and develop connections with clients to maintain future business.

Projects

Python SoundCloud Scraper (2019)

Wrote a Python script for my own personal use that scraped SoundCloud's website and checked specific artists profiles occasionally for new music uploads. I would manually update the list of artists and the application would send me a text using an API called Twilio.

EthicsViz (2018)

Worked with a researcher on the University of California, Irvine campus to develop a system for data analysis that analyzed user's online data using platforms such as Google History, Spotify, and Google Maps. The system's goal was to present interesting correlations using users' online "footprint" and presented in a website format.

Other Experience

Engineering Conference UCI

Project Manager, Design Lead

Led a team in researching and compiling a 41 page research report detailing the implementation of an autonomous vertical farm that utilized an evolutionary algorithm and a convolutional neural network to improve biomass yield every iteration. The paper was actually published by the University of California, Irvine and can be found on their eScholarship website.

Kappa Sigma Fraternity

Ritual, Treasurer, Website Designer, Recruitment Chair

Organized biannual recruitment for three years, managed a yearly \$80,000 yearly budget, and designed the chapter's website.

Relevant Coursework

- Three courses (one year) of Python coursework
- Three courses (one year) utilizing Unix based server scripting
- one semester of Proficiency in Microsoft Programs using VBA

Technical Skills

Languages

C, C++, Java, SQL, HTML, CSS, JavaScript, VBA, Unix, Lisp, Prolog, Python, R, L^AT_EX

Tools

Linux, Xilinx, VHDL, MATLAB, Mathematica
